PRESIDENT'S MESSAGE

Dear Fellow CSI Members,

The September meeting is the **20th Anniversary** of the formation of the Acadiana Chapter of CSI. I would particularly like to congratulate those charter members who have continuously remained members from the very beginning.

I would like to increase the attendance at our monthly meetings. Any and all suggestions to accomplish this will be appreciated. Email any recommendation to me. (dplester@cox.net)

On Friday November the 16th we will have our annual gumbo seminar at the University of Louisiana Alumni House. This will be our November meeting. So if you can't make it to the seminar, come out and join us in a bowl of gumbo at noon.

Sincerely,

Don Lester

Joke of the Month

Three planning students were gathered together discussing the planning of the human body. One said, "It must have been a mechanical engineer. Just look at all the joints." Another said, "No, it was an electrical engineer. The nervous system has so many electrical connections." The last one said, "Actually, it was a civil engineer. Who else would run a toxic waste pipeline through a recreational area?"
