ACADIANA CHAPTER
Annual Fall Educational Seminar
2008 Gumbo Seminar
 University of Louisiana Alumni House

Dear Fellow Building Science Professionals,

I am pleased to again invite you to the Annual CSI Gumbo Fall Educational Seminar, Friday, November 14, 2008 at 8:00am at the University of Louisiana Alumni House. It is the same location as our previous seminars which is near the St. Mary entrance of Girard Park.

We will again feature a Gold Star Faculty representing the Best Technical Support Professionals.

We look forward to renewing our fellowship and camaraderie and among the Oak Trees in the Courtyard around the Gumbo Pot.

Mary Hays, CSI President

Information:

CSI is a national organization of individuals involved in the building industry, including general contractors, subcontractors, material suppliers, building engineers, construction coordinators, maintenance and operational supervisors, engineers, architects, architectural educators, interior designers and others. The primary purpose of CSI is the continuing education and certification of its members and industry personnel.

Chapter Dues

CSI has chapters nationwide. These chapters hold monthly meetings featuring guest speakers and programs on national and local interest. Chapter members meet people in their area and develop leadership skills by serving on chapter committees. Use the chapter list below to locate the chapter nearest you, note the dues for that chapter, and include that amount with your CSI dues when you mail your enrollment form. Please write the name of the chapter(s) you join and its (their) dues on the application in Section 5.

Gulf States Region News

Jeff Addison, Mary Hays and Ken Johnstone attended Regional conference in Memphis

Wayne Domingue attended the National Convention in Las Vegas

Would you like to attend a CSI Regional Event?

Mark your Calendar:

Region Conference - April 24th & 25, 2009 TBD

Institute Convention - June 16-19, 2009 Indianapolis, Indiana

Region Leadership - TBD (Aug, 2009) Little Rock Chapter

Las Vegas CSI National Convention

Wayne Domingue, CSI, CCS AIA

The saying goes "What happens in Vegas stays in Vegas". Well this is not the case when I had the pleasure of representing our Chapter at the CSI National Convention last month. If you have never been to a National Convention you really owe it to yourself to attend one. It is probably the largest exposition of products and information relative to all aspects of the Construction Industry. Gulf States region was very proud to receive numerous Chapter Commendations as well as some individual rewards. Past Region Director Michelle Beard was also elevated to FCSI. Congratulations Michelle!!!!

CSI really has this down to a science in that you have the opportunity to be exposed to so many new products that you need all three days to really visit all the exhibitors. Yet somehow in that mix you also have the opportunity for so many knowledge based programs that you cannot even imagine. From programs relative to BIM and then going the extreme to technical areas relating to moisture and alkalinity in floor slabs you really have the full range of topics that would be of interest to any Architect, Engineer, specifier, product representative, Contractor, or Subcontractor.

An yes there was some time for fun as well. Prior to the conference a little R & R at the Grand Canyon was a wonderful way to begin the time away from the office. Las Vegas is also a very exciting and vibrant city with at this time the largest single construction project in the world - Center City. It will be a multi-billion dollar investment in the downtown area (that is already crowded) with live/work and entertainment opportunities and will become a real destination in and of itself.

I am glad that I could represent the Chapter at this incredible event.

Below are the chapters that make up the Gulf States Region of CSI.
